

Cliff 2.0 CF14 anthracite 60x60

CF14 / anthracite

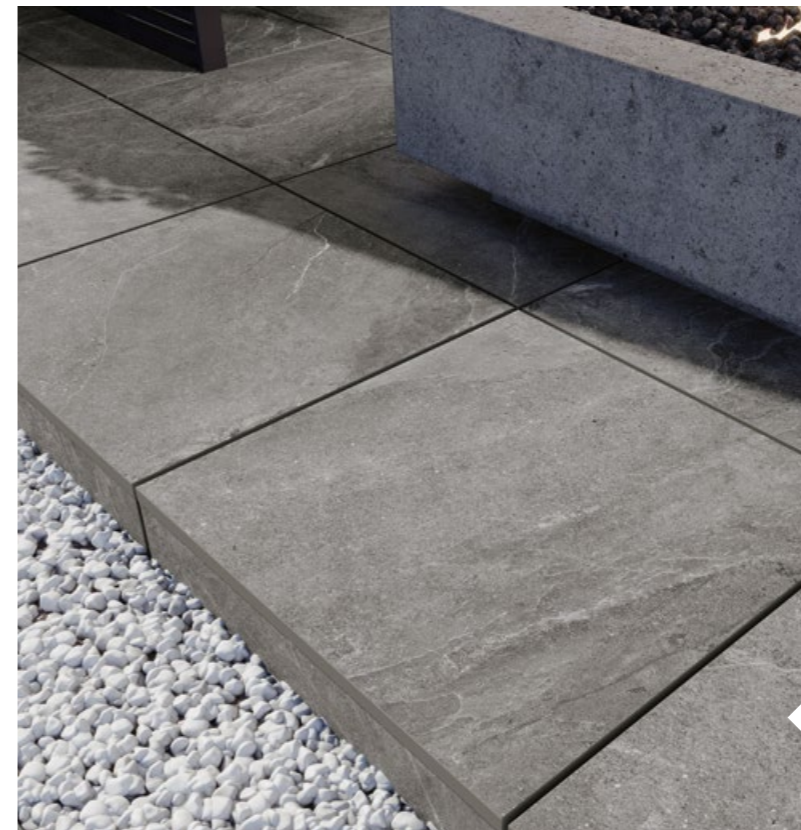

Stone-inspired tiles in four colors are a universal way to emphasize the building's architecture and add some character to terraces and garden paths.

Collection  
**Cliff 2.0**

Cliff 2.0 CF12 grey 60x60

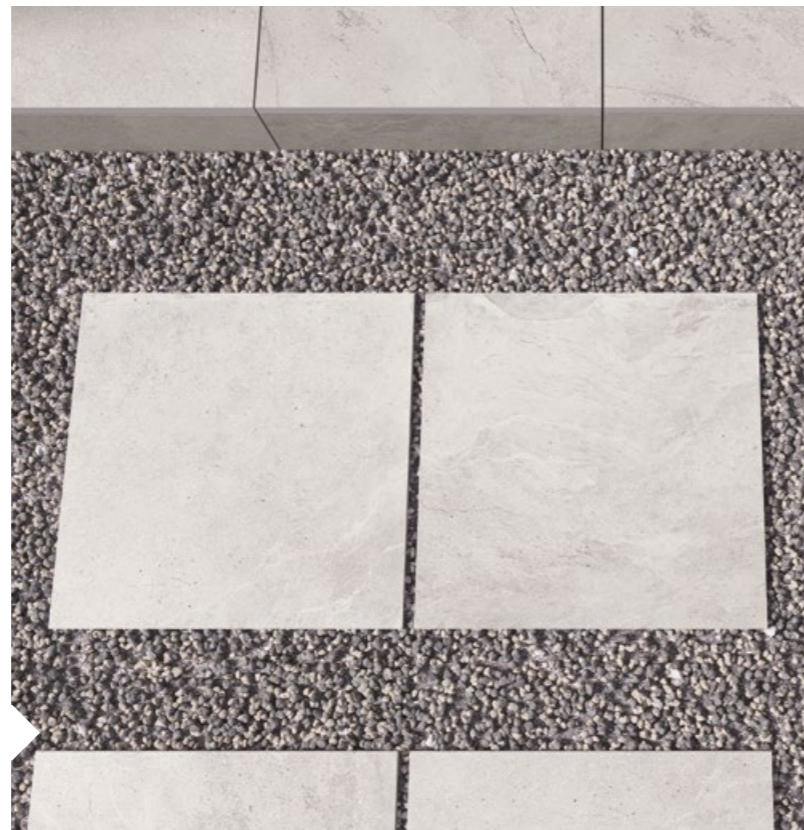

CF12 / grey

It's worth using solutions that complement one another in order to create a coherent design on a terrace and in the garden space. Tiles from the 2.0 collection can be used, among other spaces, on ventilated terraces.

**Cliff 2.0** CF10 light grey 60x60

CF10  
/ light grey

Tiles 2.0 give us almost unlimited compositional possibilities – we can lay them directly on the ground: grass, gravel sand, or on special mounting pads.

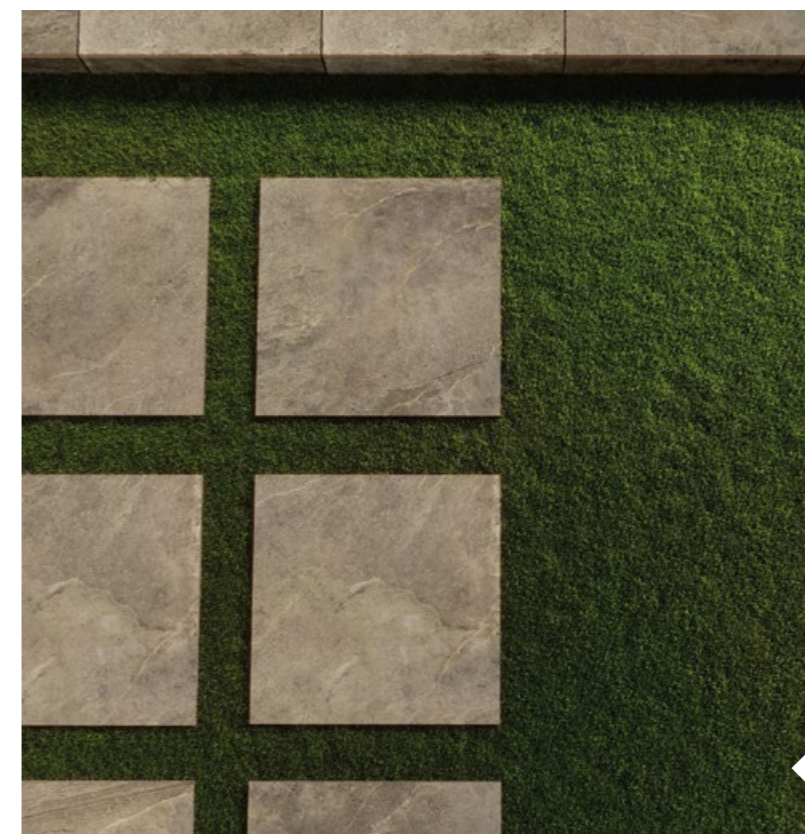

Collection

# Cliff 2.0

**Cliff 2.0** CF05 dark brown 60×60

Design taken from the natural world makes the Cliff collection tiles a perfect backdrop for the lush greenery of a garden.
